 - C. Schoolyard Habitats table—possibly hosted by Jan Ellis;
 - D. Cesar Chavez Day—possibly hosted by Stacie Creps
 - E. Project Mana—nutrition/cooking class projects; could this be combined with the schoolyard habitats as an edible schoolyard project?

Other thoughts about this meeting:

We will hand out the asset cards at the beginning of the meeting and post them on the wall at some point during the meeting.

Are there any surveys or other business that needs to be taken care of at this meeting

For each breakout table, could we have trade books that pertain to that subject to get ideas flowing and to incorporate literacy?
