

# DISCOVER THE UC DAVIS THOMAS J. LONG FOUNDATION EDUCATION CENTER

## OPEN HOUSE FOR TEACHERS AND EDUCATORS

**Date:** Tuesday, October 30, 2007  
**Time:** 4:00 – 6:30 p.m.  
**Location:** Assembly Rooms A & B, Tahoe Center for Environmental Sciences  
291 Country Club Drive, Incline Village, Nevada  
(on the campus of Sierra Nevada College)

*Presented by Dan Allison, NNREC; Christine McMorrow and Jan Ellis, Sierra Watershed Education Partnerships; and Heather Segale, UC Davis Tahoe Environmental Research Center.*

Have you had a tour of the new UC Davis Education Center inside the Tahoe Center for Environmental Sciences (TCES)? If you have not taken the time to visit, this is a must-attend event.

Join us for an Open House for teachers and other educators who are interested in using the Thomas J. Long Foundation Education Center with student and other groups. We will guide you through the interactive displays; show you how to utilize the education center as a field trip destination; offer sample hands-on lessons; provide follow-up curriculum and project ideas; and lead a Green

Tour of the facility, which was recently awarded Platinum LEED certification (the highest available award by the U.S. Green Building Council).

This event is part of the Sierra Watershed Education Partnerships (SWEP) Teachers Interpretive Hike Series: “Exploring the Places We Live,” which is co-sponsored by NNREC.

*Topics covered include: Environmental science, Earth science, language arts, data analysis, water cycle, endangered and native species*
