

## Join us for a Lake Tahoe *Project WET* Curriculum Workshop!

This action-packed, hands-on workshop is for anyone interested in natural resources and environmental education, and is especially useful for school teachers and docent educators in the Tahoe-Truckee region.

**Saturday, January 20, 2007 / 9:30 a.m. – 4:00 p.m.**  
**Tahoe Center for Environmental Sciences**  
291 Country Club Drive  
Incline Village, NV 89451

### What is Project WET?

Project WET activities engage students with hands-on, interdisciplinary lessons that teach important concepts about water. Project WET activities are designed to satisfy the goals of educational programs by complementing existing curricula rather than displacing or adding more concepts. Project WET activities provide many opportunities to address curricular objectives and educational standards. These interdisciplinary activities are designed for students in grades K-12 and are perfect for use in formal and non-formal education settings. ***This workshop will focus on activities relevant to the Lake Tahoe region. All activities are correlated to the State Standards for Science, History/Social Studies and English/Language Arts.***

The goal of Project WET (Water Education for Teachers) is to promote the awareness, appreciation, and knowledge of our water resources. ***Participants can purchase a copy of the Project WET Curriculum and Activity Guide Book for only \$15 and receive other FREE materials!***

### To register contact:

Jessie Hersher  
UC Davis  
Tahoe Environmental Research Center  
(775) 881-7566

The mission of Project WET is to reach children, parents, educators, and communities of the world with water education. We invite you to join us in educating children about the most precious resource on the planet – water.

This workshop is sponsored by the Nevada Natural Resources Education Council (NNREC), Sierra Watershed Education Partnerships (SWEP) and UC Davis Tahoe Environmental Research Center (TERC)

# Project WET Workshop Agenda

January 20, 2007

9:20 - 9:30	<i>Registration</i>
9:30 – 9:50	Introductions and Ice Breaker: Visiting Scientist Scavenger Hunt
9:50 – 10:20	Project WET Overview: Program and Standards
10:20 – 10:30	<i>Break</i>
10:30 – 10:45	Engagement: A Drop in a Bucket
10:45 – 12:00	Project WET Activity Strand: <i>We all live in a watershed!</i> #1 DEMO: Crumple Watershed & Watershed Model #2 Incredible Journey #3 Sum of the Parts
