

Sierra Watershed Education Partnerships
presents
Forest Health Project
Teacher Planning Workshop

January 10, 2006
NTMS – Lindee Eckert’s Room 39
3pm to 5pm

Join SWEP for a mini-workshop to gain information, tools and support about how your class can get involved in a standards-based community outreach service project on the topics of forest health, fire ecology and related issues.

AGENDA

- Introduction
- Background (Sharing ACMS/ SAGEHEN brochure project)
- Purpose- promoting civic engagement while reinforcing standards in math, language arts and science.
- Proposed Timeline – and open discussion of what’s doable
